👤 ABOUT ME

Web developer adept in all stages of advanced web development. Knowledgeable in user interface, testing, and debugging processes. Bringing forth expertise in design, installation, testing and maintenance of web systems. Equipped with a diverse and promising skill-set. Able to effectively self-manage during independent projects, as well as collaborate in a team setting.

🎓 EDUCATION

B.Tech-CSE, Manav Rachna University, Faridabad

2021 — 2025

💼 EXPERIENCES

Web Developer at Nutro Me, Faridabad

August 2022 — Present

- Planned, developed, tested, deployed, and maintained web applications.
- Provided effective troubleshooting and remediation for web applications.
- Worked well independently and within a team setting.
- Effectively translated client requirements into application designs and systems requirements.
- Followed policies and procedures related to application methods and quality standards at all times.
- Working on Admin and Dietitian Panel for Web App.

Web Developer Intern at Resurrection'22, Faridabad

September 2022 — Present

- Worked as a productive and positive team member to design, code, test, report, and debug operations.
- Managed front-end and back-end development.
- Successfully identified, diagnosed, and fixed website problems, including broken links, typographical errors, and formatting issues.
- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images, and layout.
- Worked to assess competing websites in regards to content, look, and feel.
- Evaluated and became knowledgeable in new standards, technologies, and trends in website development.

Web Lead at Google-DSC MRU

September 2022 — Present

- Organized workshops on web apps for students.
- Facilitator and Speaker in Web Week organized by GDSC-MRU.

Frontend Developer at Research Cluster of Computing

November 2022 — Present

- Worked on E-Waste Management System as a frontend developer.
- Worked with the team thus gaining team work experience.
- Tech stack used was react native, nodejs and mongodb.

★ PROJECTS

○ Full Stack Developer, Stoop Start, New Delhi

February 2023 — Present

Legalizing a startup requires a lot of documentation.

We aim to minimize the documentation through a single form. Saves time and efforts.
